SUMMARY

I am passionate about software development with hands-on experience in JavaScript, React, and MongoDB. I have successfully completed projects like a pharmacy management system and a amazon clone. I am eager to apply my technical skills and problem-solving abilities to contribute to innovative software solutions in a professional setting.

PROJECTS

Pharmacy Management System

• Developed a comprehensive pharmacy management system that includes separate dashboards for admins and employees, automated reminders for medication expirations and low stock, and detailed profit-loss reports. This project streamlined inventory management and daily operations for improved efficiency and accuracy.

• Languages and Technologies: Python, Tkinter and MySQL

Amazon Clone

• Developed an Amazon clone using HTML, CSS, and JavaScript. The project features a user-friendly interface that replicates key functionalities of the e-commerce platform, including product listings and a shopping cart. The clone demonstrates proficiency in front-end development and design principles.

• Languages and Technologies: HTML, CSS AND JavaScript

EDUCATION

B.E. In Information Technology
Datta Meghe College Of Engineering   9.28/10 CGPA   (Till Second Year)

Higher Secondary Certificate
Sheth N.K.T.T Jr. College   86.17 %

Secondary School Certificate
Gyanodaya Vidya Mandir School   93.60 %

SKILLS

• Languages : Java, Python, HTML, CSS and JavaScript
• Databases : MySQL and MongoDB
• Tools : Netbeans, PyCharm and VS Code
• Additional Skills : DSA and Algorithm Optimization
